POPULAR PORN CATEGORIES

#1 BLOWJOB

DEEPER THAN THE OCEAN

Women talk about it all the time and even compete who does it better. Yes it's Blowjob and it is the most popular porn category! As they say, when her face is that up-close to your dick, time moves at least four times slower than normal. But that doesn't mean that same applies for video duration. Usually it's 6-9 min which is enough for most members to finish their objectives.

Deepthroat is the next level of the technique and only the best go all the way down to your family gems. Very recently such fashion accessory as a choker became a deepthroat expert indicator. Watch them out!
